Visit Juicy Burgers & Dogs during the date and time above and 25% of all sales will be donated to The Cure Starts Now for pediatric brain cancer research in honor of our friend, Piper, who is currently battling DIPG!

Piper is 4 years old. She's beautiful. She's smart. She's sweet. She likes warrior princesses, making crafts and baking cookies. She thinks everything looks better in pink and is not afraid to tell you as much. She's amazing and she's brought nothing but joy to the world. Learn more about Piper at www.donate2csn.org/piper
