

HELP FIND THE HOMERUN CURE FOR ALL CANCER.

Adalynn “Addie Mae” is the most beautiful, kind hearted happy soul. She’s her family’s little farm girl. She was diagnosed with DIPG July 22, 2020 and then Leptomeningeal disease in December. She has been fighting courageously. Everyone is amazed by her resilience, and strength fighting not one, but now two rare cancers. She’s her parents rainbow “miracle” baby, so this has been very hard on them. She is their only child.
