

HELP FIND THE HOMERUN CURE FOR ALL CANCER.

Addison Michelle Varns, only 11 years young, traded her sword for her angel wings on August 11, 2023, after battling DIPG valiantly for 53 months. To know her was to love her and she never met a stranger. She was spunky and simply a sweet ray of sunshine. This world is a little less bright without “Addison’s Sunshine” being present. She left this world but not without giving us one last gift. She so bravely donated her brain and spine for further research to help be part of finding the cure for this devastating disease. Please help us continue Addison’s fight by donating in her honor. #AddisonsSunshine #thisfightaintover
