Dear Mr. Desserich,

On behalf of Dr. Rameen Beroukhim at Dana-Farber Cancer Institute, I would like to express our appreciation to you and the members of the DIPG Collaborative for the \$100,000 grant award to support his research project entitled "Characterizing resistance mechanisms to radiation therapy and adjuvant chemotherapy in Diffuse Intrinsic Pontine Glioma". This confirmation letter may be posted on your website.

This project has received approval from the Dana-Farber Cancer Institute Institutional Review Board (IRB) on 12/19/2014 (protocol 10-417) and 8/31/15 (protocol 10-321). The study is active and will continue throughout the grant period. As this is a research project and not a clinical trial, there is not a link to include for patient enrollment. However, questions may be directed to Dr. Beroukhim; he is the lead researcher for this project and can be reached as follows:
